MONEY

Partly

Because of the risks:

- Money is finished before return
- Money is taken
- Money may help to come back
- ...

- **NO EMPTY HANDS**
- **Skill and training courses from the moment that they arrive**
- **Access to vocational education in Europe/country of origin**
- **Training and job opportunities through private companies in the departing country or in the country of origin**
- **Small business-plan and means to start it**

- Tailor made program based on a return plan
- Housing for first months
- Material help
- Integrated program: starts in Europe and is continued in country of origin that leads to a job
- Assistance for the way back home, in the country of origin the first time after they arrived

CONDITIONS

- Lack of other legal procedures to stay in the country
- Situation of country of origin is safe
- Access to information of the situation in the country of origin (journal, internet, telephone, ...)
- Good mental health
- Guarantee of possibilities in country of origin
- Shorter period of stay

PROPOSITION

- Research on the individual motivation for returning
- Put in a electronic database for all European countries
